3. COLLECTION OF INFORMATION

During your use of the Platform, we will collect information and data including but not limited to your personal information and sensitive personal information/data ("SPD & I") as defined under the Information Technology (Reasonable security practices and procedures and sensitive personal data or information) Rules, 2011 and the Digital Personal Data Protection Act 2023. The purpose of this is to provide you a secure, efficient, smooth, and specialized experience and Services which permits us to provide services and features that meet your needs, and to customize our Platform to make your experience smoother and easier and to enhance the Services provided by us. You hereby provide us explicit consent to collect the following data from you as a data provider which also includes SPD & I.

I. Collection of Non-Personal Information:

We track certain information about you which we use to do internal research on our Users' interests and behaviour to better understand, protect, and serve our users and to improve our services.

II. Collection of Personal Information:

You explicitly provide us consent to collect Your Personal Information which is shared by You such as name, address, phone number, email address, and other details mentioned in this Policy. We will collect your personal information when you register on our Platform and procure our Services.

III. Cookies:

Cookies are small data files that a Website/App stores on Your device. We will use cookies on our App similar to other lending websites/apps and online marketplace websites/apps. This helps us identify You in order to make our App more user-friendly. We retain this information as necessary to resolve disputes, provide customer support, and troubleshoot problems as permitted by law.

IV. Consent Management:

We obtain your verifiable, informed, and specific consent for processing personal data, as required under DPDP Act. You can withdraw consent at any time, without affecting the lawfulness of prior processing. Withdrawal may limit services (e.g., loan eligibility assessment). For children (under 18), we do not process data without verifiable parental consent.

V. INFORMATION WE MAY COLLECT FROM YOUR REGISTRATION AND USAGE OF OUR SERVICES:

- a) Your name, address, date of birth, contact information (email ID and phone number), marital status, PAN number, name of the bank where you have your primary account, bank statements, pay slips, etc.
- b) Details regarding your employment, including years of experience, details of income, name of the current employer, and details of the office address.
- c) Credit-related information that is collected from other sources like the credit bureau.
- d) Know Your Customer (KYC) data such as valid address proof, PAN, photo, etc.
- e) Your unique identifiers such as username and password, preferences information, and transaction history.
- f) Any other information that is required to be collected as per specific mandates from the Reserve Bank of India or as a requirement under applicable law in India.
- g) Information from you electronically, such as the pages viewed, how you navigate through the Platform, and interact with the Platform, etc.

The information collected from you will assist us in providing our Services to you and to personalize, maintain, and improve our Services.

VI. DATA WE COLLECT FROM YOUR USAGE OF OUR SERVICES:

a) SMS

With your consent, we will access only your financial-related SMS data from the past six months, including the sender number, SMS received time, sender name and SMS content. We will apply the following filtering rules to ensure that only financial-related SMS data is collected:

- i. We will include only SMS messages that contain financial keywords, such as "bill", "borrow", "balance", "bank", "money", "debit", "wallet", "pay" etc.
- ii. We will exclude SMS messages from senders with 10—12 digit numeric-only phone numbers, as these are recognized as personal mobile numbers.

This data will first be used to identify and analyze the user's various lending behaviors, determine the various bank transactions and cash flow patterns that the user may conduct through SMS analysis, and assess customer risk; secondly, verify and track the user's financial transactions in the background by analyzing the user's SMS, and determine the correct credit limit decision based on the user's expenditure/cost budget and payment ability; thirdly, by analyzing SMS data, help prevent fraudulent collection and transactions.

As detailed above, we also collect your personal information, including financial information, from the registration or other completed forms/questionnaires that you provide to us. We will also receive your personal information, including financial information, from documents that you may provide to us and/or from documents like the credit report that you authorize us to obtain on your behalf from credit information companies.

The information we collect about you will depend on the products and services we offer on an ongoing basis. The information collected from you will be used in order to effectively provide services to you. If you do not allow us to collect all the information, we may not be able to deliver the services effectively. You hereby provide us explicit consent to use the data specified above as per the terms of this Policy.

You further understand and consent to the fact that we may also supplement the information we collect from you with information we receive from other companies or third parties. For example, we may use marketing segments developed by us or other companies to customize certain services or offer more products to you.

We undertake that the Platform shall strictly abide by this Policy.

4. USE OF INFORMATION

Personal information of individual users will not be disclosed, sold, or otherwise transferred to unaffiliated third parties except for providing our services to you and with your approval.

6. DATA ACCURACY AND COMPLETENESS

We take appropriate and necessary steps to ensure that the data, information, and credit information we maintain about You is accurate, complete, and updated. We are committed to the following practices:

- **Data Verification:** We regularly verify the accuracy and completeness of the data, information, and credit information provided.
- **Data Updates:** We do timely updates whenever we receive the new or updated information from You. Hence, You shall keep us informed in the event of any changes in the information and data submitted.

7. STORAGE AND SECURITY OF INFORMATION

We store and process only such information, including the information received from Your Device, as required for the purpose of providing Services and for legal, statutory, and regulatory compliances on Amazon Cloud Servers and other secure cloud Service providers.

All information received by us, either directly from You or through Your Device, is protected and secured by us. We adopt multiple safeguards to protect the security of the information and data provided by You, such as firewalls and data encryption using Secure Sockets Layers (SSL), and information access authorization controls.

We value your trust in providing us your information and hence we use reasonable safeguards to preserve the integrity and security of Your information against loss, theft, unauthorized access, disclosure, reproduction, use, or amendment. To achieve the same, we use reasonable security practices and procedures as mandated under applicable laws for the protection of Your information. We implement reasonable physical, administrative, and technical safeguards to help us protect your information from unauthorized access, use, and disclosure. Information You provide to us is stored on our secure servers located in India.

We aim to protect Your information from unauthorized access and/or disclosure by providing security features like OTP verification to help you protect your account; transmission of data through encryption; review of our information collection, storage, and processing practices, including physical security measures, to prevent unauthorized access to our systems; compliance with

Regulations and applicable laws; and restriction of access to personal information to our employees, contractors, and third-party service providers only for the purpose of providing the Services.

The collection, usage, and sharing of information by us shall be in compliance with the Information Technology Act, 2000, the Digital Personal Data Protection Act, 2023 and rules, and other applicable rules and laws made thereunder.

In addition, the application and the website have been certified for the following security certifications:

- ISO 27001 (formally known as ISO/IEC 27001:2022) is a specification for an Information Security Management System (ISMS) and the suggested level of certification required under the Information Technology Act, 2000. An ISMS is a framework of policies and procedures that includes all legal, physical, and technical controls involved in an organization's information risk management processes.

However, you understand and accept that there is no guarantee that data transmission over the Internet will be completely secure and that any information that You transmit to us is at Your own risk. While it is always our endeavor to take all reasonable steps to prevent disclosure of information, no method of transmission, whether in physical form or over the internet, or method of electronic storage is 100% secure and may be subjected to unintentional risks, due to reasons beyond our control.

By accepting this Privacy Policy, you accept that such transmission of your personal information is done at your own risk.

8. STANDARDS FOR HANDLING SECURITY BREACH

The security of your Information is of utmost importance to us. We take all physical, technical, and operational measures to improve the integrity and security of information that we collect and maintain as required by applicable laws.

Our database is limited to a specific IP address and external networks cannot access the database. Further, the database has multiple backup strategies and supports fast recovery of data in the event of loss of data. We use the basic DDOS protection function provided by cloud vendors to defend against DDOS attacks of certain traffic. We regularly review this Policy regarding the collection, storage, and processing of Your information to prevent alteration, loss, or fraudulent or unauthorized access of Your information.

9. PHISHING

"Phishing" usually occurs when users of a website are induced by an individual/entity into divulging sensitive personal data by using fraudulent websites and/or e-mail addresses. In the event of You providing information to a website or responding to an e-mail which does not belong to us or is not connected with Us in any manner, You will be a victim of Phishing. We do not send e-mails

requesting a user for payment information, user name, or passwords. However, We may verify the user name, password, etc., provided by You from time to time.

10. DATA RETENTION AND DESTRUCTION PROTOCOL

We shall store and retain Your information to facilitate the fulfillment of Services. The retention period is determined with regard to compliances required under the applicable laws. We also retain data to improve and personalize our Services; to provide customer service; to personalize our advertising and marketing communications; and to prevent, detect, mitigate, and investigate fraudulent or illegal activities. We do not retain your personal data beyond the period required for compliance with legal obligations and applicable laws.

In accordance with applicable laws and as per our policies, you can exercise the following rights by contacting our customer service at the mail ID and/or the phone number mentioned on the Platform and this Policy:

- a) **Review or Rectify your provided Information:** You have the right to request us to rectify your Information which You have provided to us in the time frame as specified under applicable laws.
- b) **Right to deny consent:** You have the option to deny consent for use of specific data and data retention. However, if you exercise this right, it may impair or restrict our ability to provide Services to you.
- c) **Right to restrict disclosures to Third Parties:** You have the right to request for restriction of disclosure to third parties. However, You may not be able to use our Services post such restriction.
- d) **Right to revoke consent:** This enables you to withdraw consent already granted to collect personal data. We shall comply with such request, subject to applicable laws and the terms of the loans sanctioned through the Platform. However, if you exercise this right, it may impair or restrict our ability to provide Services to you.
- e) **Request the Platform to delete/forget Your personal data:** You may request us to delete or remove Your personal data.

These rights may affect our ability to process or enable your Information which may lead to the discontinuation of those Services for which this Personal Information is required, at our sole discretion.

These rights are limited to the extent wherein we are legally bound to process or retain your Information. We retain required information about you to provide a consistent and ideal experience, to detect, mitigate, prevent, and investigate fraudulent or illegal activities during the course of the Services, and to contact you in the event of any grievance. We may also retain and use your basic personal information such as name, contact number, transactional details, and address details as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements which shall always be in accordance with applicable laws.

11. SEVERABILITY AND EXCLUSION

We have taken every effort to ensure that this Policy adheres to the applicable laws. The invalidity or unenforceability of any part of this Policy shall not prejudice or affect the validity or enforceability of the remainder of this Policy. This Policy does not apply to any information other than the information collected by us through the Platform. This Policy shall be inapplicable to any unsolicited information You provide Us through the Platform or through any other means.

This includes, but is not limited to, information posted in any public areas of the Platform. All unsolicited information shall be deemed to be non- confidential and the Company shall be free to use and/or disclose such unsolicited information without any limitations.

12. GOVERNING LAW AND DISPUTE RESOLUTION

This Policy shall be governed by and construed in accordance with the laws of the Republic of India. The courts at Bengaluru, Karnataka, India shall have exclusive jurisdiction in relation to any disputes arising out of or in connection with this Policy.

13. NO WAIVER

The rights and remedies available under this Policy may be exercised as often as necessary and are cumulative and not exclusive of rights or remedies provided by law. It may be waived only in writing.

Delay in exercising or non-exercise of any such right or remedy does not constitute a waiver of that right or remedy, or any other right or remedy.

14. CONTACT US
